

Visit our NHS Future Fit pop up stands in 2016

Over the coming months, people in Shropshire, Telford & Wrekin, and mid-Wales will have an opportunity to have their say about the way healthcare is delivered for the next 20 years.

We want local people to help shape the future of those services. You can share your views and tell us where you think healthcare services should be located by attending one of our pop up stands across the region.

These workshops are part of an on-going conversation with local people, to help deliver the necessary changes to give patients the healthcare they need for the future.

If you would like us to talk to your group or organisation, please get in touch. We are happy to visit you.
