Guidelines on Completing your Application

These notes have been provided to help you with your application and it is very important that you read them before you complete the form.

In order to be able to make a fair comparison between candidates please note:

- All applicants are must use the form provided. **Please do not submit a CV. If you do so it will not be considered during the shortlisting process**
- Applications received after the closing date, for whatever reason, will not be considered. It is therefore in your interests to submit your application form in plenty of time. If sending by post please ensure you put sufficient postage on the envelope. A number of applicants for previous vacancies have had their applications rejected as insufficient postage has caused a delay in delivery. Please note that our premises have no access to a letter box outside of normal office hours, and therefore deliveries by hand must be on Monday- Thursday, between 9.00 am and 5.00 pm.

In order to ensure that applicants for employment are assessed fairly against the needs of the post concerned, a scoring system will be used in order to select those applicants who will be invited for interview. Marks will be given according to how well your application meets our requirements and the candidates with the highest total scores are invited for interview. Shortlisting is undertaken by at least two people working independently, who consider only the information contained in each application form to decide which candidates to interview.

It is, therefore, particularly important that you fill out the application form carefully, as it may make the difference between being offered an interview or not. The following points are designed to help you in completing a good application form.

1. **Job Description and Person Specification:** You will find a Job Description and a Person Specification enclosed in your pack. The Job Description outlines the tasks you will be expected to deliver if you are successful; the Person Specification describes the personal qualities we are looking for to fill the post. Your application should, therefore, be based primarily on the Person Specification, using the job description to give examples where you used your skills and experience to undertake similar tasks in previous jobs.
2. **Consider yourself against those requirements:** You will need to show on the form evidence that you have those requirements. Think about each previous job you may have had and what it is about that job which is relevant to the job you are applying for. Include voluntary and part time work, as this may help uncover skills which you may have taken for granted but which could be relevant to the job applied for.
3. **Education/Training/Qualifications:** Please detail the information which is relevant to your application. It is not necessary to list every day long training course you have attended. Please note that if you are shortlisted, you will be asked to supply evidence of your qualifications (such as original certificates) on the day of your interview.
4. **Do a rough draft of the application:** This will help you to organise the information and avoid mistakes.

5. Declaration: - if you submit your application by email and are shortlisted, you will be asked to sign your application form on the day of interview
6. Data Protection: Personal data obtained from applicants during the recruitment process will be held securely and will be used solely for the purposes of selection for the post advertised. Other than for the successful applicant, no personal data from the application form will be retained beyond six months from the date of interview, when it will be confidentially shredded or deleted if electronic.

What happens next?

Short-listing will take place soon after the closing date, and as soon as possible after this, you will be informed as to whether or not you have been invited to interview. If you would need any special arrangements in order to attend for interview, please either include this on the form or attach a separate sheet if necessary.

All appointments are made subject to satisfactory references being received, an occupational health check and satisfactory completion of a probationary period.
